About Me

I've always loved digital design and front-end development because they let me bring ideas to life through interactive websites and visuals. I enjoy creating clean, responsive designs that are both functional and visually appealing. I'm excited to use my skills in web development and graphic design while learning, growing, and collaborating in a creative environment.

Hobbies: Graphic Design, Gaming, Calligraphy, Photography, Reading, Baking

Experience

Code Geeks (School of Computing Organization - HAU) 2023 - 2024
Academics and Research Committee Head

- Led content creation and publication strategies for social media and the organization's website while collaborating with leadership to align content with goals. Managed a team to organize events, workshops, and academic initiatives.

G-Media & Co. 2022 - 2024
Freelance Content Writer and Voice Actress

- Created engaging content for YouTube creators, writing compelling scripts and delivering high-quality voiceovers. Maintained consistent communication and met deadlines to ensure content is aligned with client branding.

The Access Point (Official Publication of the School of Computing - HAU) | Writer 2022 - 2023

- Published news and article content for social media publications, ensuring alignment with the publication's brand and audience to enhance online presence and engagement.
